Administrative Measures on Cosmetic Labeling

Article 1 For the purpose of strengthening the supervision and administration of cosmetic labeling, regulating the use of cosmetic labeling, and protecting the legitimate rights and interests of consumers, these Measures are hereby formulated in accordance with the *Cosmetic Supervision and Administration Regulations* (CSAR) and other relevant laws and regulations.

Article 2 These Measures shall apply to the labeling administration of cosmetics that are produced and operated within the territory of the People's Republic of China.

Article 3 The "cosmetic labeling" mentioned in these Measures refers to the texts, symbols, digits, patterns and other marks on product sales packaging which are used to identify and describe the products' basic information, attribute characteristics and safety warnings, *etc.*, as well as the packaging containers, packaging boxes and instructions with mark information.

Article 4 Cosmetic registrants and notifiers shall be responsible for the legality, authenticity, completeness, accuracy and consistency of cosmetic labeling.

Article 5 The minimum sales units of cosmetics shall be provided with a labeling, which shall comply with the requirements of relevant laws, administrative regulations, departmental rules, mandatory national standards and technical specifications, and the contents thereon shall be legal, authentic, complete, accurate, and consistent with the relevant contents registered or notified for the products.

Cosmetic labeling shall be clear, long-lasting, easy to identify and read, and free of any signs of printing blurry or unfirm sticking.

Article 6 Cosmetics shall be provided with a Chinese labeling, in which standardized Chinese characters shall be used. If other texts or symbols are used thereon, the corresponding explanation and description shall be given by using standardized Chinese characters on the visible panel of the products' sales packaging, except for websites, names and addresses of overseas enterprises, and conventional technical terms that must be in other texts.
