## Measures for the Management of Cosmetics Sampling Testing

(Draft for Comments)

### Chapter I General Provisions

**Article 1 Formulation Basis** In order to strengthen the supervision and administration of cosmetics and standardize the sampling testing of cosmetics, these measures are formulated in accordance with the *Cosmetic Supervision and Administration Regulation*, *Supervision and Administration Measures on Cosmetics Manufacture and Operation*, and relevant laws and regulations.

**Article 2 Scope of Application** These Measures shall apply to the sampling testing of cosmetics organized and implemented by the department in charge of medical products administration within the territory of the People's Republic of China.

**Article 3 General Requirements** The department in charge of medical products administration shall follow the principles of science, standardization, legality and impartiality, and it shall be guided by finding problems and investigating hidden risks to organize the implementation of sampling testing for cosmetics, and strengthen the whole process management for sampling, testing, re-testing and objection handling, verification and disposal, and information disclosure.

**Article 4 Division of Responsibilities** The National Medical Products Administration will organize the sampling testing of cosmetics in China.

The provincial, autonomous regional, and municipal medical products administration departments will organize the sampling testing of cosmetics within their respective administrative areas every year, and undertake the task of national cosmetics sampling testing in accordance with the requirements from the National Medical Products Administration.

The prefecture-level and county-level departments in charge of medical products administration shall, in accordance with the requirements from the higher-level departments in charge of medical products administration, undertake the tasks of sampling testing for cosmetics; and they shall organize to carry out sampling testing for cosmetics within their respective administrative areas.

**Article 5 Obligations of Manufacturers and Operators** Cosmetics manufacturers and
