Measures for Inspection, Quarantine, Supervision and Administration of Imported and Exported Feed and Feed Additives

Decree No. 118 of the General Administration of Quality Supervision, Inspection and Quarantine of the People's Republic of China

Chapter I General Provisions

Article 1 For the purpose of regulating the inspection, quarantine, supervision and administration of imported and exported feed and feed additives, improving the safety level of imported and exported feed and feed additives, and protecting animal and human health, these Measures are hereby formulated in accordance with the *Law of the People's Republic of China on Quarantine of Entry-Exit Animals and Plants* and its implementing regulations, *Law of the People's Republic of China on Inspection of imported and exported Commodities* and its implementing regulations, *Special Provisions of the State Council on Strengthening the Supervision and Administration of Food and Other Products* and other relevant laws and regulations.

Article 2 These Measures shall apply to inspection, quarantine, supervision, and administration of imported, exported and transited feed and feed additives (hereinafter referred to as "feed").

Animals, plants and their products used as feed shall be managed in accordance with the provisions herein.

These Measures shall not apply to medicated feed additives.

Article 3 The General Administration of Customs, P.R.China shall uniformly manage inspection, quarantine, supervision and administration of imported and exported feed nationwide.

The competent customs shall be responsible for inspection, quarantine, supervision and administration of imported and exported feed within their respective jurisdiction.

Chapter II Risk Management

Article 4 The General Administration of Customs, P.R.China shall implement risk management for imported and exported feed, including taking measures such as product risk ranking, enterprise classification, regulatory system review, risk monitoring, and risk
