Preface

This standard replaces the content of formula foods, which designed for young children among 12 to 36 months, stipulated in “GB 10767-2010 National Food Safety Standard Older Infants and Young Children Formula”.

Compared to the content for the formula foods for young children among 12 to 36 months old as specified in GB 10767-2010, the major changes of this standard include:

- the revision of the standard scope,
- the addition of the proportion requirement of lactose,
- the revision of the minimal or maximum amount of certain nutrients,
- the addition of the minimal or maximum amount of certain nutrients,
- the revision of the test method.

National Food Safety Standard

Young Children Formula

1. Scope

This standard applies to formula foods for young children that are among 12 to 36 months old.

2. Terms and Definitions
