Date of publication: 2013-12-26

Date of implementation: 2015-01-01

Issued by National Health and Family Planning Commission of the People's
Republic of China

National Food Safety Standard

Good Manufacturing Practice for Foods for Special Medical Purposes

1. Scope

This standard specifies basic requirements and management rules for sites, facilities and staff in each link of production process of foods for special medical purposes, from raw material purchase, processing, packaging to storage and transportation.

This standard applies to the manufacturing enterprises of foods for special medical purposes (including infant formula foods for special medical purposes).

2. Terms and Definitions

Terms and definitions stipulated in GB 14881 "National Food Safety Standard General Hygienic Regulation for Food Production" and the followings apply to this standard.

2.1 Foods for special medical purposes

Foods for special medical purposes refer to the foods that are specially processed or formulated to meet the special requirements of those suffering from food intake restriction, digestion and absorption disturbance, and metabolic disorder or under specific disease conditions, for nutrients or dietary. This kind of products must be used singly or in combination with other foods under the guidance of doctors or clinical nutritionists. Formulation of foods for special medical purpose shall rely on the medical and (or) nutritional research result. The safety and clinical application (effect) shall comply with the scientific verification.

2.2 Cleaning work area

Work area with high cleanliness requirement, such as the processes (including weighing and batching) contacting air environment and filling workshops for liquid products, and workshops for storage, filling and inner packaging of bare semi-finished powder products to be packed.

2.3 Quasi-cleaning work area

Work areas with cleanliness requirement lower than that of cleaning work area, such as raw & auxiliary material preprocessing workshop.

2.4 Commonly work area
