Provisions on the Hygiene of Pet Feeds

1. These Regulations are formulated in accordance with the “Regulations on the Administration of Feeds and Feed Additives” and “Measures for the Administration of Pet Foods” in order to strengthen the administration of pet feeds and guarantee the product quality of pet feeds and pet health.

2. The hygienic indicators of pet feed products produced and sold within the territory of the People’s Republic of China for the direct consumption by pet dogs and pet cats shall meet the requirements of these Regulations.

3. The competent agricultural administration department of the State Council and the feed administration departments of the local people’s government at or above the county level shall focus on the hygienic indicators and regularly or irregularly organize and carry out supervision and sampling inspection on pet feed products as required.

4. The competent agricultural administration department of the State Council and the feed administration department of the provincial people’s government shall publish the results of supervision and sampling inspection in accordance with the responsibility and authority, and may publish the list of pet feed production enterprises and operators with bad records as well as third-party trading platforms that provide services to the operators.
