

Guidance on Application and Review of Children's Cosmetics

This Guidance is established for the purpose of standardizing the notification and technical review for Children's (including infants, hereinafter referred to as Children) cosmetics and based on the related rules of the "Hygienic Standard for Cosmetics", "Provisions on cosmetics administrative license application", etc.

I. Scope of Application

1. This guidance is applicable to the notification and technical review of Children's cosmetics, which refer to the cosmetics produced specifically for children from age 0–12 years old.

II. Principle of Formula

2. The number of categories of ingredients adopted should be kept on the minimum level.
3. Restrict the use of fragrance, colorant, preservative and surfactant in the minimum as long as it is sufficient to maintain the effectiveness, and at the same time pay attention to the potential adverse effects.
4. The formula of children's cosmetics should not contain the ingredients with the function of whitening, freckle eliminating, acne treatment, depilation, hidroschesis, deodorization, hair nurturing, hair perming, body shaping, breast enlargement, etc.
5. The ingredients selected should have a certain period of safe use, ingredients manufactured through Genetic technology, nano technology are not recommended.
6. The information of all the ingredients in the formula including source, composition, impurity, physicochemical property, scope of use, safe using amount, precautions, etc. should be known and filed for future inspection.
