

Preface

This standard replaces the determination of loss in mass on drying in GB/T 5009.58-2003 “Method for analysis of hygienic standard of polyethylene resin for food packaging” and GB/T 5009.59-2003 “Method for analysis of hygienic standard of polystyrene resin for food packaging”.

Compared with GB/T 5009.58-2003 and GB/T 5009.59-2003, the major changes of this standard are as follows:

——the name of this standard has been revised to “National food safety standard Food contact materials and articles Determination of loss in mass on drying of resin”;

——the “Scope” of this standard has been revised.
